THYROIDCARE SERIES

Contemporary Thyroid Disorders: Practical Endocrinology for Daily Practice

A Continuing Professional Development (CPD) Initiative

Date: 14th - 15th November 2026

Venue: Courtyard by Marriott, Raipur, Chhattisgarh

Welcome Letter

Dear Doctor,

Warm greetings from the **Association for Advanced Medical Skill & Specialty (AAMSS)**.

The Association for Advanced Medical Skill & Specialty (AAMSS) is delighted to welcome you to the **ThyroidCare Series – Contemporary Thyroid Disorders: Practical Endocrinology for Daily Practice**, a focused Continuing Professional Development (CPD) initiative dedicated to advancing evidence-based diagnosis, evaluation, and management of thyroid disorders encountered in routine clinical practice.

Thyroid disorders are among the most prevalent endocrine conditions worldwide and affect individuals across all age groups. Hypothyroidism, hyperthyroidism, autoimmune thyroid disease, thyroid nodules, goitre, thyroid dysfunction during pregnancy, and differentiated thyroid cancer require accurate diagnosis, appropriate investigation, and individualised management to optimise long-term clinical outcomes.

Endocrinologists, consulting physicians, internal medicine specialists, obstetricians, family physicians, and primary care practitioners play a pivotal role in recognising thyroid disorders early, interpreting thyroid function tests appropriately, initiating evidence-based therapy, and ensuring long-term follow-up.

Hosted at **Courtyard by Marriott, Raipur**, this academic programme combines scientific excellence, collaborative learning, and professional networking within a structured Continuing Professional Development framework.

This educational initiative has been carefully designed to facilitate meaningful scientific discussions, expert-led presentations, and interactive case-based learning that participants can readily integrate into routine endocrine practice.

We look forward to your valuable participation in this important academic initiative.

Warm regards,

Dr Nandkishor V. Shingne

President

Association for Advanced Medical Skill & Specialty (AAMSS)

Academic Importance of the Meeting

Thyroid disorders represent one of the most frequently encountered endocrine conditions in clinical practice. Early recognition, accurate biochemical interpretation, appropriate imaging, and evidence-based treatment are essential for preventing cardiovascular complications, metabolic disturbances, reproductive dysfunction, osteoporosis, and impaired quality of life.

The ThyroidCare Series has been developed to support physicians in translating contemporary scientific evidence into practical clinical decision-making through structured academic discussions, evidence-based treatment pathways, and real-world case-based learning.

The programme focuses on strengthening physicians' confidence in diagnosing thyroid disorders, interpreting thyroid investigations, individualising hormone replacement therapy, and optimising long-term endocrine outcomes.

Key Areas of Academic Focus

- Primary hypothyroidism
- Hyperthyroidism
- Autoimmune thyroid disorders
- Thyroid nodules
- Goitre evaluation
- Thyroid disorders during pregnancy
- Subclinical thyroid dysfunction
- Thyroid hormone replacement
- Thyroid cancer surveillance
- Long-term endocrine follow-up

Why This Meeting Matters

- **Clinical Relevance**

Addresses one of the most common endocrine disorders encountered in daily medical practice.

- **Practical Learning**

Provides evidence-based diagnostic and therapeutic strategies with immediate clinical applicability.

- **Peer Learning**

Encourages meaningful scientific interaction among practising clinicians and experienced faculty.

- **Clinical Confidence**

Strengthens physicians' confidence in diagnosing and managing thyroid disorders.

- **Continuing Professional Development**

Promotes lifelong scientific learning through structured academic education.

Scientific Agenda

7:00 PM – 7:10 PM	Welcome Address & Introduction to ThyroidCare Series
7:10 PM – 7:40 PM	Contemporary Thyroid Disorders: Practical Endocrinology for Daily Practice
7:40 PM – 8:10 PM	Evidence-Based Diagnosis and Individualised Management of Common Thyroid Disorders
8:10 PM – 8:30 PM	Expert Panel Discussion, Interactive Q&A & Closing Remarks

Limited Seats – Book Early!

Registrations will be accepted on a **first-come, first-served basis**. Early registration ensures accommodation preference and confirmed participation privileges for the CPD program scheduled from **14th–15th November 2026 at Courtyard by Marriott Raipur, Chhattisgarh**, with the scientific session on **14th November 2026**.

Registration Fees		
Category	Up to 1 th November, 2026	Spot
Delegate	INR 4,500 inclusive of GST	INR 5,000 inclusive of GST
Student	INR 4,000 inclusive of GST	INR 4,500 inclusive of GST

Delegate Participation Benefits

Registered delegates will receive:

- Delegate scientific kit and educational resources
- Access to all scientific sessions
- Participation in expert panel discussions
- Interactive case-based learning
- Networking opportunities with faculty and fellow clinicians
- Hospitality during the scientific programme
- Post-event scientific highlights and educational resources

About AAMSS

AAMSS is a dedicated educational platform committed to advancing **Continuing Professional Development (CPD)** for healthcare professionals across India.

By integrating evidence-based clinical learning with skill-building in leadership, communication, and practice improvement, AAMSS supports doctors in strengthening both medical expertise and overall professional competence required in today's evolving clinical environment.

Our Initiatives Include

- CME and CPD programs focused on real-world cardiovascular and metabolic care
- Expert faculty engagement and advisory-driven content
- Knowledge-sharing forums encouraging peer learning
- Academic collaborations with hospitals and medical associations
- Practical learning modules designed for immediate clinical application

Each CPD activity is designed to improve patient care, reinforce physician identity, and elevate standards of clinical excellence.

AAMSS is more than a platform. It is a commitment to developing doctors who lead, influence, and innovate responsibly.
