Association for Advanced Medical Skill & Specialty

NEUROCARE SERIES

Contemporary Management of Neuropathic Disorders

A Continuing Professional Development (CPD) Initiative

Courtyard by Marriott,
Bhopal, Madhya Pradesh

5th - 6th
December 2026

Welcome Letter

Dear Doctor,

Warm greetings from the **Association for Advanced Medical Skill & Specialty (AAMSS)**.

The Association for Advanced Medical Skill & Specialty (AAMSS) is delighted to welcome you to the **NeuroCare Series – Contemporary Management of Neuropathic Disorders**, a focused Continuing Professional Development (CPD) initiative dedicated to advancing evidence-based diagnosis and management of peripheral neuropathic disorders encountered in routine clinical practice.

Neuropathic disorders are increasingly recognised as a major cause of chronic pain, sensory dysfunction, disability, impaired mobility, and reduced quality of life. Diabetes mellitus, nutritional deficiencies, metabolic disorders, nerve compression syndromes, infections, chemotherapy, and ageing contribute significantly to the growing burden of peripheral neuropathy. Despite advances in diagnostic techniques and pharmacological therapies, delayed diagnosis and inadequate management continue to affect patient outcomes.

Primary care physicians, neurologists, consulting physicians, diabetologists, and internal medicine specialists play a critical role in recognising neuropathic symptoms early, identifying underlying causes, initiating evidence-based treatment, and preventing long-term neurological complications.

Hosted at **Courtyard by Marriott, Bhopal**, this academic programme combines scientific excellence, collaborative learning, and professional networking within a structured Continuing Professional Development framework.

This educational initiative has been carefully designed to facilitate meaningful scientific discussions, expert-led presentations, and interactive case-based learning that participants can readily apply in everyday neurological practice.

We look forward to your valuable participation in this important academic initiative.

Warm regards,

Dr Nandkishor V. Shingne
President
Association for Advanced Medical Skill & Specialty (AAMSS)

Academic Importance of the Meeting

Peripheral neuropathic disorders represent a significant clinical challenge because of their diverse aetiologies, varied clinical presentations, and chronic impact on patients' quality of life. Early recognition and systematic evaluation are essential for identifying reversible causes, initiating timely therapy, and preventing progression.

The NeuroCare Series has been developed to support physicians in translating current scientific evidence into practical clinical decision-making through structured academic discussions, evidence-based treatment pathways, and real-world case-based learning.

The programme focuses on strengthening physicians' confidence in diagnosing neuropathic disorders, selecting appropriate investigations, identifying underlying causes, initiating evidence-based pharmacotherapy, and improving long-term neurological outcomes.

Key Areas of Academic Focus

- Peripheral neuropathy
- Diabetic peripheral neuropathy
- Nutritional neuropathies
- Neuropathic pain assessment
- Vitamin B12 deficiency
- Small fibre neuropathy
- Compression neuropathies
- Evidence-based pharmacotherapy
- Functional recovery
- Long-term neurological care

Why This Meeting Matters

Clinical Relevance

Addresses one of the most common neurological disorders encountered in routine practice.

Practical Learning

Provides evidence-based diagnostic and therapeutic strategies with immediate clinical applicability.

Peer Learning

Encourages meaningful interaction among practising physicians and experienced faculty.

Clinical Confidence

Strengthens physicians' confidence in diagnosing and managing neuropathic disorders.

Continuing Professional Development

Promotes lifelong scientific learning through structured academic education.

Scientific Agenda

- 7:00 PM – 7:10 PM
  Welcome Address & Introduction to NeuroCare Series
- 7:10 PM – 7:40 PM
  Contemporary Management of Neuropathic Disorders
- 7:40 PM – 8:10 PM
  Evidence-Based Diagnosis and Pharmacological Management of Peripheral Neuropathies
- 8:10 PM – 8:30 PM
  Expert Panel Discussion, Interactive Q&A & Closing Remarks

Limited Seats – Book Early!

Registrations will be accepted on a **first-come, first-served basis**. Early registration ensures accommodation preference and confirmed participation privileges for the CPD program scheduled from **5-6 December 2026 at Courtyard by Marriott, Bhopal, Madhya Pradesh.** with the scientific session on **6th December 2026**.

Registration Fees		
Category	**Up to 20th November, 2026**	**Spot**
Delegate	**INR 4,500 inclusive of GST**	**INR 5,000 inclusive of GST**
Student	**INR 4,000 inclusive of GST**	**INR 4,500 inclusive of GST**

Delegate Participation Benefits

Registered delegates will receive:

- Delegate scientific kit and educational resources
- Access to all scientific sessions
- Participation in expert panel discussions
- Interactive case-based learning
- Networking opportunities with faculty and fellow clinicians
- Hospitality during the scientific programme
- Post-event scientific highlights and educational resources

About AAMSS

AAMSS is a dedicated educational platform committed to advancing **Continuing Professional Development (CPD)** for healthcare professionals across India.

By integrating evidence-based clinical learning with skill-building in leadership, communication, and practice improvement, AAMSS supports doctors in strengthening both medical expertise and overall professional competence required in today's evolving clinical environment.

Our Initiatives Include

- CME and CPD programs focused on real-world cardiovascular and metabolic care
- Expert faculty engagement and advisory-driven content
- Knowledge-sharing forums encouraging peer learning
- Academic collaborations with hospitals and medical associations
- Practical learning modules designed for immediate clinical application

Each CPD activity is designed to improve patient care, reinforce physician identity, and elevate standards of clinical excellence.

AAMSS is more than a platform. It is a commitment to developing doctors who lead, influence, and innovate responsibly.
